Re: Notice of Ex Parte Presentation  
IB Docket No. 02-10

Federal Communications Commission  
Office of Secretary

Dear Ms. Dortch:

On January 13, 2005, Janice Thomas, Fred Rieger, Surendra Satija and Humberto Henriques, all representing Intelsat LLC, met with Jennifer Gorny, Howard Griboff and Paul Locke of the International Bureau to discuss the Commission's recent decision concerning the use of satellite earth stations on board vessels ("ESVs"). Specifically, the parties discussed (1) possible scenarios of ESV service, (2) the application of the new rules with respect to ESV network configurations involving hubs within and outside the United States and on ships of United States and foreign registration, (3) the application of the new rules for operations in United States and foreign territorial waters, (4) possible grounds for seeking waivers of particular requirements of the new rules, and (5) clarification of certain new rules, including the rules associated with the amount of C-band bandwidth that can be coordinated in a specific area.

An original and one copy of this letter are today being filed with the Secretary.

Sincerely,

Susan H. Crandall  
Assistant General Counsel

cc: Jennifer Gorny  
Howard Griboff  
Paul Locke
